PROJECTS

Commercial Design, School Projects (2023-2024)

- Winthrop Medical Office - Winthrop, AP
- Refugee Center - Portland, OR
- Hotels Group International Boutique Hotel - Singapore

Develop comprehensive conceptual design for projects. Conduct research on local environment and analyze project location. Create interior conceptual ideas, schematic floor plans, and select furniture, fixtures, and equipment (FF&E) and elevations. Develop presentations and graphic materials.

Residential Design (2022)

- Historic Large Single Family Home - San Jose, CA
- Single Family Home - Santa Clara, CA

Renovatio projects, transformed an aged Victorian house into a modern, functional space that combines timeless style with contemporary livability. Collaborated with interior designers on design implementation, including selection of FF&E. Facilitated project manager by coordinating schedules, sourcing products and materials, and overseeing delivery and installation.

EXPERIENCE

Design Intern/Project Coordinator — Palon Corporation, Palo Alto (2022)

Collaborated with interior designers on space planning and layouts for residential projects. Supported project managers by monitoring project progress and facilitating communication between designers and contractors. Sourced interior and exterior products and materials with strong emphasis on sustainability and budget-conscious solutions/vendors.
